

Instruction for ICD participants

1. Register at the [KCDC website](#)
2. In order to access KCDC tutorials proceed to [Education/Lehre -> Examples](#) and follow the instructions.
3. If you are interested in interactive analysis with Jupyter Notebooks, please proceed here and login with your KCDC account. Here:
 - Go to the **tutorials** directory
 - Copy the tutorial of your interest (with all the materials in the folder!) in your **work** directory
 - Start your analysis following the instructions
 - Make sure paths to the data are correct and you can open it
 - Many technical questions can be solved by reading the **README.md** file in the root folder.
4. If you have questions, send them to the [special question and answer chat](#) in telegram.
5. Don't forget to send us a feedback using [this Google form](#) (your answers will be submitted anonymously)

Happy ICD-2021!
